Exploring the Spectrum of Kawasaki Disease & Beyond

When? March 4-6, 2026

Where? Amsterdam, Netherlands (Venue: OBA, Public Library of Amsterdam)

Join us for the 2nd IKDS and EUROKiDs Joint Meeting in the beautiful city center of Amsterdam. The conference will be dedicated to the enigmatic Kawasaki disease, bringing together leading experts, young clinicians, and researchers to explore the latest developments, guidelines, and challenges in the field. Our collaborative effort promises interactive discussions and networking opportunities for all who are interested in Kawasaki disease research.

Preliminary program

Wednesday, March 4: welcome drinks in the exciting center of Amsterdam

Thursday, March 5: cases, spectrum of hyperinflammation, clinical mimics, cardiology session

Friday, March 6: patient perspective, mechanisms, controversies, dilemma's and debates

More information to follow. Mark your calendar and spread the word!
